# SICOT-APOA: Primary ACL Repair

Saturday 21 November 2020

USA (East) 09:00-10:30 (EST) | UK 14:00-15:30 (GMT)

Belgium 15:00-16:30 (CET) | India 19:30-21:00 (IST)

New Zealand (Sunday 22 November) 03:00-04:30 (NZT)

*In the last decade advances in orthobiologics have raised a new interest in the healing potential of torn anterior cruciate ligament (ACL) tissue. Can we save the ACL and does the ACL have the potential to heal if repaired? In this webinar, in partnership with the Asia Pacific Orthopaedic Association, we will take you on the journey from the start of the ACL repair to current advanced surgical techniques.*

*Moderators*

**UMER BUTT**  
*Pakistan*

**CHARANJEET SINGH**  
*Malaysia*

*Faculty*

**GORDON MACKAY**  
*UK*

**GREGORY DIFELICE**  
*USA*

**SACHIN TAPASVI**  
*India*
